Contec IAS Selects Greensboro for North American Sales & Engineering Office

Greensboro, NC – Contec Industrial Automation Solutions, a leading international engineering firm, has chosen Greensboro, North Carolina, for its newest sales and engineering office. Specializing in automating industrial processes and equipment, Contec serves a broad range of sectors including food and beverage, petrochemicals, tank terminals, and consumer goods.

This strategic expansion will lead to the creation of 24 high-quality jobs in Greensboro and an investment of \$250,000. Additionally, Contec's investment will further support the local economy and cementing Greensboro's position as a key hub for advanced industrial automation.

"Our highly skilled workforce, which includes the largest manufacturing workforce in the Southeast, and workforce development programs attract companies, such as Contec IAS, from all over the world," said Christopher Chung, CEO of the Economic Development Partnership of North Carolina (EDPNC). "Contec IAS's presence strengthens our robust community of innovative manufacturing companies and international businesses. We welcome Contec IAS to the Greensboro area and look forward to its continued success."

"I'm thrilled to welcome Contec IAS to our dynamic community of talented professionals," Shared Greensboro Mayor Nancy Vaughan. "Greensboro's vibrant engineering scene, driven by innovation and collaboration, offers an exceptional environment for growth and success. I can't wait to see the positive impact this firm will have in our city."

"We take great pride in the rich tapestry of diverse companies and cultures that shape Guilford County. Welcoming global businesses like Contec IAS not only strengthens our local economy but also continues to place our community on the world map. We're dedicated to fostering these relationships, ensuring a bright and prosperous future for all of us." said Chairman Skip Alston of the Guilford County Board of Commissioners.

"Greensboro, North Carolina was selected for our North American sales and engineering office because of its rich talent pool, commitment to innovation, and growing industry." Said Koen De Pryck, President

of Contec IAS. “The collaborative spirit within the local engineering community, coupled with the city’s strategic location and resources makes it the perfect place for us to grow and thrive.”

“Contec IAS’s decision to establish its North American sales and engineering office in Greensboro is a clear endorsement of our city’s strengths in innovation, collaboration, and talent development,” said Brent Christensen, President and CEO of the Greensboro Chamber of Commerce. “Their investment creates high-quality jobs and reinforces Greensboro’s position as a leader in advanced industrial automation. We are excited to support Contec IAS as they grow and succeed in our community.”

Contec opens its Greensboro office in January 2025 at the Centreport office park and is currently looking for automation and application engineers.

The Guilford County Economic Development Alliance, consisting of the Greensboro Chamber of Commerce and High Point Economic Development Corporation, worked together with the Economic Development Partnership of North Carolina, North Carolina Department of Commerce, City of Greensboro, Guilford County, Office of Senator Thom Tillis, North Carolina A&T State University, Guilford Technical Community College, Guilford Works, Duke Energy, Piedmont Natural Gas, and Cushman & Wakefield, securing Contec’s investment in Guilford County.

###

About the Greensboro Chamber

The Greensboro Chamber of Commerce is the largest business organization in the community serving more than 1,300 member businesses through programming designed to help them succeed and grow. A partner in the Guilford County Economic Development Alliance, the Chamber also serves as Greensboro’s primary economic development organization, with special emphasis placed on community and entrepreneurial advancement through Action Greensboro and Launch Greensboro.

About Contec IAS

Contec is an international engineering company specializing in improving and automating industrial processes and equipment. As a system integrator, they operate in a wide range of sectors, including the food and (petro)chemical sector, tank terminals, and consumer goods. For Contec, automation means more than just improving processes and machines. In all projects, Contec strives for substantial added value for the economy, people and community. As a company, they are firmly convinced that automation creates space for more meaningful jobs and more job satisfaction for employees in companies. This is how Contec wants to transform tomorrow’s industry today.
